Marriage of Miss Carrie Grace and Mr. Arthur Sugars Today.

LEFT FOR CALIFORNIA.

Miss Fanner and Mr. Wheeler Wed at the German Evangelical Church.

CALDWELL-QUINN MARRIAGE.

The marriage of Miss Carrie Grace to Mr. Arthur Harry Sugars took place this morning at 11 o'clock at the home of the bride's father, Mr. Augustus Grace, on North Fourth street, Rev. W. E. Cave of the First Presbyterian church, officiating.

A large number of friends and relatives witnessed the ceremony, and the wedding was quite hot and pretty. The bride was charming in a traveling gown of blue. After the words were pronounced making them one they were congratulated on all sides, and went at once to the depot, where they took a train for St. Louis. After two days there, they will go to Kansas City for a few days before proceeding to their future home in Needles, Cal.

Miss Grace is one of the prettiest of the younger set, and is a young lady who has always had many admirers. She is daughter of Mr. Augustus Grace, who has resided here for many years, and graduated two years ago in the public schools.

Mr. Sugars formerly resided in Paducah, but is now a conductor on the Santa Fe road, in California. He is a nephew of Conductor Sam Sugars, of the N. C. and St. L., who resides in Paducah.

Mr. and Mrs. Sugars received a large number of remembrances from their many friends.

The marriage of Mr. Mike Caldwell to Miss Daisy Quinn, as previously announced, will take place tomorrow morning, probably at the home of Rev. G. W. Briggs, of the city. They will reside in Paducah.

The marriage of Miss Mary Brenner and Mr. Louis Wheeler took place this morning at 10 o'clock, Rev. F. P. Walfron officiating. They left at noon on a trip East.

Miss Carrie May Sledge was married yesterday at Conno, Miss., to Mr. Thomas Sledge. Miss Sledge was a popular visitor of Mrs. J. R. Dorris a year or so ago and is pleasantly remembered by the friends she made then, who will read with interest and best wishes the announcement of her marriage.

The marriage of Mr. James M. Grady and Miss Julia Hauway takes place at 11:30 today at Greenville, Miss. It is to be a very swell church wedding. Mr. Richard Rudy of the city, who is the best man, left Monday night for Greenville and will return tomorrow.

HELPING THE NEEDY.

HOW THE CHILDREN AT THE HOME OF THE FRIENDLESS ARE CLOTHED.

The different churches have a novel way of helping those at the Home of the Friendless. The different Sunday school classes take one particular inmate, who is selected by the class, and clothe it for one month. In this way the expense is lessened as each member of the class does his or her share and when the total amount of the donations is collected it amounts to a sum sufficient to neatly clothe the inmate.

PASTOR APPOINTED.

REV. J. H. DAVIS ASSIGNED TO THE MECHANISBURG CHURCH.

The Kentucky Methodist Episcopal conference, in its assignments for the Louisville district, sent Rev. J. H. Davis, back to the Mechanisburg Methodist church, Paducah. This is the only one of particular interest to people in this end of the state.

Remember, today is fruit day for the little children of the Home of the Friendless. Everyone is requested to bring a jar of fruit to Mrs. Judge Campbell, who will receive donations until 9 o'clock this evening.

INVESTIGATION BEGINS.

INSPECTORS HEARING EVIDENCE RELATIVE TO THE GOLCONDA DISASTER.

Inspectors J. H. Moore and R. H. Williams of Evansville, arrived in the city yesterday afternoon and will hold an investigation of the steamer City of Golconda disaster today in room 10 of the government building. The investigation was begun at 9:30 and will be continued through the day. The time that will be consumed in the examinations can not be determined, but there is a large number of witnesses.

The investigation is one similar to those held after every steamboat disaster, and is to determine the responsibility if there is any, for the accident. The inspectors never give out anything, hence their conclusions will probably be kept a secret.

The inspectors stated regarding the investigation:
"We have nothing to say or to give the public," they said, "but before we leave the city we will probably make a statement to the papers. This investigation is only a preliminary one and has no serious bearing on the case."

The following are the witnesses who will be examined:
Messrs Chas. Conant, Smithland; R. H. Garner, Bay City; John L. Walters, Waltersburg, Ill.; Harry E. Worton, Hampton, Ky.; Chas. Hayden, Metropolis; Eugene Guess, Tolu, Ky.; Jesse Bauer, Golconda; Clarence Coker, Golconda; Bob Davis, Mount Vernon; Walter Thomas, Golconda; Oscar Bradley, City; August Kripke, Golconda; Phillip Boulware, city, and Arthur Peck, Golconda.

The case will be finished tomorrow afternoon it is thought.

FISCAL COURT

Mr. W. B. Padgett Reelected Keeper of the Poor Farm.

THE ELECTION TODAY

A Vote on the Stock Law is to Be Taken in the Seventh and Eighth Districts.

PROCEEDINGS OF THE DAY.

Mr. W. B. Padgett, the present poor farm keeper, was re-elected unanimously over Hugh Craft, Noah Franklin and a man named Adams, of the county in fiscal court this afternoon. He has made a successful keeper and the board did not care to make a change.

The roof of the jail was ordered repaired and several small allowances made and court then adjourned.

Mr. Wynne Tully was appointed trustee of the seminary fund, \$3,000 appropriated by the state several years ago for a college project that afterwards fell through. The fund was formerly in charge of Judge Tully.

The county road supervisor reports that \$17,179.76 have been spent on the county roads this year since April. \$10,526 was spent on the dirt roads and \$5,286.63 on the gravel roads, with general expenses amounting to \$1,014.54, and supervisor's salary amounting to \$875.

It was ordered that the resident voters of the Seventh and Eighth magisterial district be allowed to vote on the proposition to keep all stock up.

A report on the county levy showed that \$19,119.62 had been collected, and \$17,868.87 paid out, leaving a balance of \$1,250.75.

Justices Barber and Dunaway and County Attorney Graves were appointed a committee to sell the poor farm at not less than \$7,000, either at public or private sale.

STENOGRAPHER RESIGNS.

MR. CHAS. KRAMER TO RETURN TO LOUISVILLE.

Mr. Charlie Kramer, the stenographer and secretary of Master Car Builder Sessions, has resigned his position and will return to Louisville, his former home. He has not decided what he will do but will probably enter the railroad service there.

He has been here several months and is one of the most popular employees of the road. His many friends will regret to see him depart. Mr. A. D. Hathaway, of Louisville, who has been working extra in the Fulton offices, and who is now substituting for Mr. Nat Brooks in the master mechanic's office, has been appointed his successor and will go into his new duties as soon as Mr. Brooks arrives, which will be tomorrow. The latter is now in Chicago on a vacation but will return to relieve Mr. Hathaway immediately.

Mr. Hathaway has been here only a short time but has made many friends and acquaintances who will be glad to learn that he will remain here permanently.

HEAVY LOSSES.

SOME INSURANCE COMPANIES REFUSE TO TAKE FURTHER RISKS.

Many of the insurance companies doing business in the state are refusing to take risks on houses located outside of the cities and towns where there is no fire protection, says the Louisville Times.

Many of the older companies which formerly carried all the country business are refusing to accept new risks or to renew old policies. The movement was caused by heavy losses which the companies have sustained in the country districts.

During the past week a number of agents have received instructions to accept no country risks before the special agents of the company had passed on them.

MASS MEETING.

THE PUBLIC REMINDED TO ATTEND THE ONE AT THE CITY HALL.

Mayor Lang has called the council to meet tonight with the Commercial club and citizens to take action on the approaching waterways convention, and a large crowd should attend. Everybody is urged to come out and make the meeting a success.

Memory recalls many things, but never the money loaned to your friends.

SCHOOL BOARD

Misses Kettler and Mitchell Were Elected Teachers Last Night.

TWO NEW AMENDMENTS

The Amendment Doing Away With Examination of Applicants for the Superintendentcy Was Defeated.

PROCEEDINGS OF THE MEETING

The board of education held its regular meeting last night, and there were present in addition to President Reddick and Secretary Rose, Trustees McNichols, Mammen, Weille, Lally, Terrell, Fuller, and Bauer.

The regular pay roll, amounting to \$3,367.37 was allowed. Sundry bills amounting to \$856.15 were allowed. Treasurer Terrell's report showed on hand September 3, \$9,126.28; received and paid out since then amounts sufficient to leave \$9,934.75 on hand. Report received and filed.

Several bills not approved were referred.

Supt. Hatfield's report showed the following enrollment: Washington, 500; Longfellow, 361; Jefferson, 338; Franklin, 345; Lee, 338; Langstaff, 39; Frontier, 49; making total white 2,010 with 800 colored, divided as follows: Lincoln building, 514 and Garfield school 286. Total 2,810, an increase of 232 over the year before.

Supt. Hatfield reported that it was compulsory that he make many transfers as good teaching could not possibly result with that status of affairs. It was apparent that another teacher was needed at the Franklin building which resulted in Mrs. Casey being placed in the additional room created, upon the recommendation of President Reddick. As the crowded state still remains at the Franklin and Washington buildings he recommended that two new teachers be elected, one for each school, and that the Longfellow first grade be divided into two classes one taught in the morning for a certain period and the other taught in the afternoon and vice versa. In this manner no preference will be shown to each grade as regards attendance hours. He reported that the high school class had been removed to the third floor of that building, leaving the primary department in entire possession of the ground floor, grammar grades upon the second and other classes above where there is an enrollment of 144, the highest ever known in the high school department of the schools. He recommended that fifty more stationary desks be ordered on account of the extra large enrollment; also that two extra substitute teachers be selected, all those now in service being utilized because of the enforced illness and absence of regular teachers.

The report was received and filed. Secretary Rose reported that the new desks ordered arrived last evening, but that a portion of them was missing, of which the company was at once notified.

Amendments were offered by Chairman Terrell, of the rules and revision committee, one of which prescribes that no pupils shall enter the schools after November unless he or she can show a scar of successful vaccination; another requires that all teachers in the public schools be able to pass a good physical examination, to guard against persons being afflicted with disease being employed in the schools.

The third amendment proposed is that doing away with the requirement that all applicants for the position of superintendent of the public schools stand an examination.

The first two amendments were unanimously adopted. The other was killed by a vote of 5 to 4. Trustees Lally, Mammen, Weille and McNichols voting against it.

The board tendered thanks to Mr. Charles Earhart for a fine collection of minerals sent him by his father from the west. He presented them to the high school.

The election of teachers followed, with the following applicants:
Miss Ella Donegan, Mrs. Casey, Misses Bertha Kettler, Mand O. Stafford, Mabel Mitchell and Thomas. Upon the third ballot Miss Kettler was elected by the following votes: Fuller, Lally, Mammen, McNichols, Weille, Reddick, Bauer, Terrell voted for Mrs. Casey, and Rose for Miss Mitchell.

On the next ballot Miss Mitchell was elected, the vote being: Mrs. Casey, Reddick, Terrell, Bauer, Miss Mitchell, Fuller, Lally, Mammen, Weille, Rose, Miss Thomas, McNichols.

The election of substitutes was deferred.

The board adjourned.

ONLY ONE DAY

Mayor Lang Says After the Supplementary Registration.

WOULD VETO REPEAL

Says the Ordinance for the Supplementary Day Will Stand for the Present.

REPEAL AFTER REGISTRATION

There has been considerable talk this morning in political circles of the city council because of the Democratic lead, repealing the ordinance providing a supplementary registration, which could be done in the interim before the next registration day two weeks hence, and prevent anyone else, except those ill or absent, from registering.

Mayor Lang stated this morning that the council would do nothing of the kind, in his opinion, and that he would certainly veto any ordinance that the council might pass repealing the one for supplementary registration.

"I shall recommend, however," declared the mayor, "as soon as the next registration day is over, that the ordinance be repealed, and that there be only one registration day hereafter. I shall leave that recommendation as an heirloom to my successors in office."

"There is no reason why there should be more than one day for registering. There is only one day to vote, and all men who take the proper amount of interest in politics will register on the first day, if they are in the city and not ill, and if they are out of the city or ill, the law provides a way for them to register before the county clerk, so they are not imposed on. If they want to vote they will register on the first day, and should be made to do so. This thing of the city's spending \$150 for supplementary registration days when they are unnecessary should be done away with."

MAY HAVE TO ISSUE THEM.
There seems to be some difference of opinion relative to the city's right to refuse to issue license to street peddlars tomorrow. City Clerk Fisher thinks he will be compelled to issue the license if called upon. There is no law that enables the city to refuse tomorrow, show day, any more than on any other day.

WHAT SHALL WE EAT TO KEEP HEALTHY AND STRONG?

A healthy appetite and common sense are excellent guides to follow in matters of diet, and a mixed diet of grains, fruits and meats is undoubtedly the best.

ly the best, in spite of the claims made by vegetarians and food cranks generally.

As compared with grains and vegetables, meat furnishes the most nutritious in a highly concentrated form, and is digested and assimilated more quickly than vegetables or grains.

Dr. Julius Benson on this subject says: Nervous persons, people run down in health and of low vitality should eat plenty of meat. If the digestion is too feeble at first it may be easily strengthened by the regular use of Stuart's Dyspepsia Tablets after each meal. Two of these excellent tablets taken after dinner will digest several thousand grains of meat, eggs or other animal food in three or four hours, while the malt diastase also contained in Stuart's Tablets causes the perfect digestion of starchy foods, like potatoes, bread, etc., and no matter how weak the stomach may be, no trouble will be experienced if a regular practice is made of using Stuart's Dyspepsia Tablets, because they supply the pepsin and diastase so necessary to perfect digestion, and any form of indigestion and stomach trouble except cancer of the stomach will be overcome by their daily use.

That large class of people who come under the head of nervous dyspepsia should eat plenty of meat and insure its complete digestion by the systematic use of a safe, harmless digestive medicine like Stuart's Digestive Tablets, composed of the natural digestive principles, pepsin and diastase, which actually perform the work of digestion and give the abused stomach a chance to rest and to furnish the body and brain with the necessary nutriment. Cheap cathartic medicines masquerading under the name of dyspepsia cures are useless for relief or cure of indigestion, because they have absolutely no effect upon the actual digestion of food.

Dyspepsia in all its forms is simply a failure of the stomach to digest food, and the sensible way to solve the riddle and cure the indigestion is to make daily use at meal time of a safe preparation which is endorsed by the medical profession, and known to contain active digestive principles, and all this can truly be said of Stuart's Dyspepsia Tablets.

All druggists throughout the United States, Canada and Great Britain sell them at the uniform price of fifty cents for full treatment.

BEN STARR WON.
Yesterday afternoon the Starr brothers shot off the tie at La Belle park for the possession of the Nagel and Meyers' loving cup, and Ben Starr won by a score of 46 out of 50 to Moss Starr's 40 out of 50. The cup will remain in charge of the winner for a year, and be shot for again, and if any one member keeps it for three consecutive years, it becomes his property.

It is possible that a new fall variety has been discovered.

It is the opinion of some that the derangement is only temporary and that he will be all right in a short time. As this view is held by the court he will not be tried on an insanity charge now.

An Old Friend

S. S. S. has been before the public for many years; from a small beginning, it has steadily worked its way to the front, and is now known in every city, town and hamlet in the country. Its staunchest friends are those who have known it longest and have witnessed its wonderful curative powers in their own families or among their friends and acquaintances. Grateful patients in all parts of the country tell of their restoration to health and happiness, and the testimony of these is the highest evidence of the medicine's worth. S. S. S. is more popular today than ever in its history—no other remedy stands as high, has ever given such perfect satisfaction or is so reliable in the cure of dizziness, Rheumatism, Catarrh, Congestion Blood Poison, Scrofula, Eczema, Psoriasis, Salt Rheum, Acne, or any disease that originates in the blood. Being strictly a vegetable preparation, you will find it agrees with you much better than a drugstore concoction or any of the widely advertised potash and mercury remedies, which affect the bowels, muscles and stomach, causing Bismuthism or Dyspepsia. If you have never tried S. S. S., you will be surprised at the immediate good effects, but surely it drives out the poisons and restores the blood to a healthy condition. If there is a sore or ulcer on the body, it begins to heal around the edges, the discharge finally ceases and the place goes well; muscular and bone pains vanish, and the skin is relieved of all itching, irritating eruptions. Nervous, run down and anemic people will find S. S. S. just the medicine they need, for blood poverty and ill nourished nerves are responsible for their condition. For old people and children S. S. S. has no equal; being free from all minerals, it does not nauseate or have any injurious effect whatever, and keeps the blood in good condition, thus fortifying against disease. Experience teaches what is good and what is not good; this applies particularly to medicine, and S. S. S., a remedy that has retained the confidence of the people for nearly 50 years, must have merit—it cures, is the secret of its success. When you call for S. S. S., don't be persuaded to accept something else—there is no substitute for S. S. S. It is the only guaranteed purely vegetable blood purifier, and the safest and best for all blood and skin troubles. Do not let them force an inferior mineral remedy on you because there is a larger profit in it. If you have any blood or skin disease, don't hesitate to write us about it; our physicians will carefully consider your case and advise you without charge. Book on Blood and Skin Diseases free.

Don't Experiment—Take S. S. S. for no sooner does it get into the circulation than the appetite increases; you grow stronger, and gradually but surely it drives out the poisons and restores the blood to a healthy condition. If there is a sore or ulcer on the body, it begins to heal around the edges, the discharge finally ceases and the place goes well; muscular and bone pains vanish, and the skin is relieved of all itching, irritating eruptions. OSTEOPATHIC TREATMENT.
Osteopathic treatment is always adapted to the condition of the patient, never too severe, and in no cases are the claims to modesty overlooked. Except upon the face and neck, and when minute orificial or superficial examination is made necessary, owing to the character of the ailment, treatments are given through clothing sufficient to relieve the most fastidious from all sense of embarrassment. The claim is not made for osteopathic treatment that it is a cure-all. It is claimed, however, that there is in osteopathic treatment a cure for all curable diseases, abnormalities, misplacements and obstructions. No other system of therapeutics has ever been subject to so severe a trial as has osteopathy. A large per cent of the cases presented for treatment have thus far been pronounced incurable by practitioners of the older systems of therapeutics, and notwithstanding this crucial test, fully eighty per cent of the cases treated have been cured, and fifteen per cent materially benefited, leaving five per cent uncured, though their general condition may have been somewhat improved. When it is considered that so much has been done for cases pronounced beyond human relief, what may not be hoped for osteopathy in the treatment of the ordinary ailments of the body? No person of intelligence can fail to see and be impressed with the rational methods of its application.

MINISTERIAL ASSO-
CIATION MEETS.
Tonight, after prayer meeting at the churches, the Ministerial Association will hold a called meeting in the Y. M. C. A. parlors. WARD'S MINSTRELS
GOES THROUGH.
The Harry Ward Minstrels now going under the name of Ward and Wadsworth's Greater Minstrels, showed in Mayfield last night and were brought to the city this morning by the early morning N. C. and St. L. railroad. Harry Ward has shown here several times and is well known in the south.

Chas. R. Weismann, Evanston, Ill., writes: "My boy, 2 1/2 years old, had a severe cold, which refused to yield to any treatment until we tried Foley's Kidney Cure. He was completely cured before using one bottle. Take none but Foley's."

PENMANSHIP CLASS.
The bookkeeping and penmanship class met for the first lesson in the Y. M. C. A. last night with an attendance of 10. There will be more pupils to enter later but the class is considered quite large as it is.

Mr. Henry Moore is teaching the class and makes a very good teacher. He is one of the best young bookkeepers and penman in the city and the class will flourish under his tutelage.

J. Odgers of Froberg, Md., writes: "I had a very bad attack of kidney complaint, and tried Foley's Kidney Cure, which gave me immediate relief, and I was perfectly cured after taking two bottles." Be sure you take Foley's.

TWO FINGERS GONE.
Dudley Overstreet, the colored porter at George O. Hart's, while unloading heavy iron at the Ogilvie building yesterday, had two of the fingers on one hand cut off by the sharp edge of the iron. Dr. Robertson dressed the injury.

LEFT LEG BROKEN.
Ed Owen, colored, the driver for August Dinker, of Ninth and Trimble streets, met with a serious accident yesterday while driving the delivery wagon. The animal became unruly and ran away. Owen was thrown out and his left leg broken below the knee. Dr. Rivers dressed the injury.

After exposure, or when you feel a cold coming on, take a dose of Foley's Kidney Cure. It never fails to stop a cold at taken in time.

SUITS FILED.

Mrs. Mattie B. Wilkerson Sues Dr.

M. L. Wilkerson for Divorce.

Several Foreclosure Suits Were Filed by Assignee R. G. Caldwell Today.

Mrs. Mattie B. Wilkerson this morning, through Hendrick & Miller, filed suit in the circuit court against Dr. M. L. Wilkerson, now studying dentistry in Louisville, for divorce, alleging unfaithfulness. She also asks for the custody of their child, and attaches \$6,000 of her money deposited in the American bank at Louisville in his name.

The couple is well known in Paducah, where Dr. Wilkerson studied dentistry for some little time. The plaintiff was formerly Miss Mattie Tucker, a wealthy heiress of Hopkinsville, and has many friends and several relatives in Paducah.

She alleges that her husband has wasted her estate. After moving from Paducah some time ago they went to Hopkinsville to reside, and then to Louisville. She sold \$20,000 worth of her property, and \$9,000 of this she gave him to invest in Texas lands for her, the deeds to be taken out in her name, but she does not know if he has done this.

She is again living in Paducah, while Dr. Wilkerson is attending a dental school in Louisville.

R. G. Caldwell, assignee, against Reuben and Margaret Manion; sues to recover a balance on a note, the total amounting to \$260.52. He also asks for the sale of property to satisfy the debt.

IMMENSE PRODUCTION OF

AT VALLEY FORGE

BY WM. L. ROBERTS

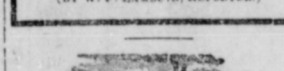

The little "all steel" tender steamer building for the United States snagboat E. A. Woodruff, at Hogwald's, New Albany, will be ready to send to water in a very short time. This will be the only all-metallic steamboat ever seen in this region, as everything will be of metals except the pilot wheel.

Evansville is going to have a fine side-wheel, exclusively passenger, steamer soon, to be called the Dunbar. She will be 175 feet long, 28 feet beam, 24 feet draft and 5 1/2 feet of hold; her engines to be of the oscillating compound pattern, the small cylinder to be 14 and the large 25 inch, with 6 feet stroke. It is calculated that the Dunbar will clip off eighteen miles an hour up stream with perfect ease.

THE RIVER NEWS.

(BY W. F. LAMBERT, REPORTER.)

Observations taken at 7 a. m. River 5.5 on the gauge, a fall of 0.9 in last 24 hours. Wind north, a brisk breeze. Weather clear and cooler. Temperature 62. Fell, Obscure.

The Emma Cooper out of the Ohio river yesterday had a big tow of ties for Cairo.

The rivers are getting very low again, but we hope it will not interfere with navigation as the season is far advanced for low water. It is quite probable the fall rains will swell the rivers to a big boating stage of water.

The Henry Harley departs for Tennessee river at 5 this afternoon. She is receiving a nice trip both in freight and folks.

The Butterfield could not be got ready to leave in place of the Dunbar today.

The Dick Fowler left for Cairo on time this morning with a very good trip.

A stiff wind blowing from the north today. River falling with 5.5 on the gauge this morning.

The City of Clinton leaves St. Louis for Tennessee river tomorrow at 5 p. m.

The Dunbar left for Nashville at noon today with a splendid trip, Captain Bud Yarbrough in command.

The City of Memphis will report here for Tennessee river next Thursday afternoon en route for St. Louis.

Captain Henry Carrol of the towboat J. D. Parker, leaves tomorrow with his boat and barges for a tow of ties for the T. J. Moss Tie Co.

The J. B. Richardson is the mail and express packet for Evansville today.

The Elks are going to give a big excursion on the beautiful excursion steamer Island Queen as soon as she comes off the ways. There is no doubt of the affair being a perfect success as the Elks always "git thar."

Captain Koger is now at Madison, Ind., and says the Clyde will be let off the ways there next Saturday.

Mr. Wm. Love and son, steamboat sheet iron workers, have a big lot of work on hand at their shop near the marine ways.

Mr. B. Carrol, the well known pilot, is dangerously ill at his home in the southern part of the city with typhoid fever.

The Ohio is falling from the headwaters to the mouth.

Don't fail to attend the waterways improvement meeting tonight, at the city hall. There will be an attendance of Paducah's leading business men and some very interesting speeches delivered relative to the convention which will be assembled here on the 23 and 24th of this month.

Captain Arthur Cole arrived yesterday evening on the John S. Hopkins. He went up the Ohio as far as Louisville to look at the river and left on the Dunbar today for a trip to Nashville with his friend Captain Bud Yarbrough.

Captain Randal Ballow returned this morning from an extended trip in middle Tennessee.

RAILROAD NOTES.

The promotion of Dispatcher J. B. Alvey, who has been working first

trick of the Paducah division, to the assistant chief dispatcher of the Louisville, Evansville and Paducah divisions is a high compliment. Mr. Alvey will work the key as chief dispatcher of the Paducah and Evansville division. Mr. Alvey learned the business under Chief Dispatcher Jorgenson and is one of the ablest dispatchers on the system. He has been dispatching only four years but has never had any accidents while on duty and has one of the clearest records of any dispatcher in the employ of the road.

It is reported that Chief Dispatcher Jorgenson, who in the recent changes is thrown back on the trick, will resign on the Illinois Central and accept a position with an eastern road, where he has had several offers.

Nebo tunnel will be completed inside of six weeks it is thought. The drill work has been resumed and the work will be rapidly pushed. The tunnel is about 54 miles from Louisville and is situated between Stephensburg and East View. The tunnel is being torn out and the job is a big one. Contractor Katterjohn has a large force of men working on the job and thinks the work will be completed in the above mentioned time. Mr. Pat Halloran went up the road this morning to superintend some work on the road he has contracted for at East View tunnel.

Roadmaster Pat Galvin and Assistant-Engineer Fitzpatrick were in the city yesterday and last night. They returned to Louisville this morning. Mr. Fitzpatrick stated that the plans for the new shops show many improvements over the old building and when finished the mill will be one of the most complete in the state.

Mr. W. B. Ratcliffe has been succeeded in the master mechanic's office by Mr. Douglas Nash, who has been working extra. Mr. Ratcliffe will leave today or tomorrow for Galveston, his former home, to reside. His many friends will regret to learn of his departure.

Five new machinists were taken on at the shops today. Three are from Knoxville, Tenn., and the other two are from Vicksburg.

Engine No. 576 will be brought in to the local shops for repairs today. She is in bad straits and needs an overhauling badly.

Engineer Dave Glass and wife have returned from Dixon Springs after several weeks' visit.

Fireman Steinberger is on the sick list today.

At the Kentucky, commencing with a matinee Wednesday, D. E. Lester & Co.'s production of "At Valley Forge" will begin an engagement. The play is one of the new type dramas, built on romantic comedy lines, with the motive and scenes of distinctly American character. The play is said to embody a splendidly stirring love story, in which the heart interest moves its audience to live in the very atmosphere of the time from which the piece is drawn. A series of tremendous climaxes are said to lend an effect of realism to the act ending.

Messrs. Lester & Co. are reported as having given to this play a scenic equipment that is unusually effective, elaborate and complete in detail. The costuming is said to be as perfect as could possibly be obtained from the plates of the period of the great Revolution. The presenting company is one of surpassing strength, and is headed by Mr. Wm. L. Roberts and Miss Olive Martin.
